PROFILE

Accomplished MERN Stack developer with a proven track record of delivering innovative solutions that blend technical expertise with a deep understanding of user needs. Proficient in JavaScript, React, Node.js, and MongoDB, leveraging these skills to create dynamic, scalable web applications. Demonstrated ability to lead cross-functional teams, drive project success, and ensure client satisfaction. Committed to continuous learning and staying ahead of industry trends to deliver unparalleled value in every project.

WORK EXPERIENCE

MERN Stack Developer

Softwiz Solutions   May 2023-June 2023

- - Spearheaded end-to-end development of web applications using Next.js, Node.js, and MongoDB, ensuring seamless user experiences and optimal performance.
- - Leveraged Firebase to implement real-time data synchronization, enhancing app interactivity and responsiveness.
- - Led cross-functional teams, fostering collaboration and achieving project milestones within tight deadlines.
- - Developed and maintained RESTful APIs, facilitating seamless communication between front-end and back-end systems.
- - Achieved consistent high user satisfaction through bug-free code, intuitive interfaces, and efficient problem-solving.
- - Integrated third-party APIs to expand functionality, enriching user experience and enabling dynamic content delivery.
- - Actively stayed updated with industry trends, incorporating best practices such as responsive design and SEO optimization.
- - Contributed to continuous improvement by conducting code reviews, identifying areas for enhancement, and implementing solutions for optimization.
